

The proposed sale will support the Egyptian Navy's Fast Missile Craft ships and provide significantly enhanced area defense capabilities over Egypt's coastal areas and approaches to the Suez Canal. Egypt will have no difficulty absorbing this equipment into its armed forces since Egypt already operates previously procured RAM Block 1A missiles.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The principal contractor will be Raytheon Missiles & Defense (RMD), Tucson, AZ. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this sale will not require the assignment of any U.S. or contractor representatives to Egypt.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

TRANSMITTAL NO. 20-81

Notice of Proposed Issuance of Letter of Offer Pursuant to Section 36(b)(1) of the Arms Export Control Act

Annex Item No. vii

(vii) Sensitivity of Technology:

The RIM-116C Rolling Airframe Missile (RAM) is an autonomous (i.e., "fire and forget") lightweight, supersonic, surface-to-air tactical missile for ship self-defense against current and evolving anti-ship cruise missile threats. Advanced technology in the RIM-116C includes dual-mode RF/IR (radio frequency/infrared) guidance with IR all-the-way capability for non-emitting threats.

2. The highest level of classification of defense articles, components, and services included in this potential sale is SECRET.

3. If a technologically advanced adversary were to obtain knowledge of the specific hardware and software elements, the information could be used to develop countermeasures that might reduce weapon system effectiveness or be used in the development of a system with similar or advanced capabilities.

4. A determination has been made that Government of Egypt can provide substantially the same degree of protection for the sensitive technology being released as the U.S. Government. This sale is necessary in furtherance of the U.S. foreign policy and national security objectives outlined in the Policy Justification.

5. All defense articles and services listed in this transmittal have been authorized for release and export to the Government of Egypt.

ARMS SALES NOTIFICATION

Mr. MENENDEZ. Mr. President, section 36(b) of the Arms Export Control Act requires that Congress receive prior notification of certain proposed arms sales as defined by that statute. Upon such notification, the Congress has 30 calendar days during which the sale may be reviewed. The provision stipulates that, in the Senate, the notification of proposed sales shall be sent to the chairman of the Senate Foreign Relations Committee.

In keeping with the committee's intention to see that relevant information is available to the full Senate, I ask unanimous consent to have printed in the RECORD the notifications which have been received. If the cover letter references a classified annex, then such annex is available to all Senators in the office of the Foreign Relations Committee, room SD-423.

There being no objection, the material was ordered to be printed in the RECORD, as follows:

POLICY JUSTIFICATION

Finland—Extended Range Guided Multiple Launch Rocket System

The Government of Finland has requested to buy twenty-five (25) M30A2 Extended Range Guided Multiple Launch Rocket Systems—Alternative Warhead (ER GMLRS-AW) Pods; and ten (10) M31A2 Extended Range Guided Multiple Launch Rocket Systems—Unitary (ER GMLRS-U) Pods. Also included is an ER GMLRS Materiel Release Package; Stockpile Reliability Program (SRP) support; Quality Assurance Testing (QAT) services; technical publications; U.S. Government and contractor technical and logistics support services; and other related element of program and logistics support. The total estimated cost is \$91.2 million.

This proposed sale will support the foreign policy and national security of the United States by improving the security of a trusted partner which is an important force for po-

litical stability and economic progress in Europe. It is vital to the U.S. national interest to assist Finland in developing and maintaining a strong and ready self-defense capability.

Finland intends to use these defense articles and services to modernize its armed forces. Finland intends to expand its existing army architecture to counter potential threats. This will contribute to the Finland military's goal to upgrade its capability while enhancing interoperability between Finland, the United States, and other allies. Finland will have no difficulty absorbing these missiles into its armed forces.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The principal contractor will be Lockheed Martin Corporation, Missile and Fire Control, Grand Prairie, TX. There are no known offsets associated with this potential sale.

Implementation of this proposed sale will not require the assignment of U.S. Government or contractor representatives to Finland.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

(vii) Sensitivity of Technology:

1. The ER GMLRS provides a persistent, responsive, all-weather, rapidly deployed, long range, surface-to-surface, area- and point-precision strike capability. The AW variant (XM403, also referred to as M30A2) carries a 200-pound fragmentation assembly filled with high explosives which, upon detonation, accelerates two layers of preformed penetrators optimized for effectiveness against large area and imprecisely located targets. The Unitary variant (XM404, also referred to as M31A2) is a 200-pound class unitary with a steel blast-fragmentation case, designed for low collateral damage against point targets. The ER GMLRS maintains the accuracy and effectiveness demonstrated by the baseline GMLRS out to a maximum range of 150 km (double of GMLRS capability) while also including a new Height Of Burst (HOB) capability.

2. The highest level of classified information associated with the sale of this equipment is SECRET.

3. If a technologically advanced adversary were to obtain knowledge of the specific hardware and software elements, the information could be used to develop countermeasures or equivalent systems that might reduce weapon system effectiveness or be used in the development of a system with similar or advanced capabilities.

4. A determination has been made that Finland can provide substantially the same degree of protection for the sensitive technology being released as the U.S. Government. This sale is necessary in furtherance of the U.S. foreign policy and national security objectives outlined in the Policy Justification.

5. All defense articles and services listed in this transmittal have been authorized for release and export to the Government of Finland.

POLICY JUSTIFICATION

Jordan—F-16 Air Combat Training Center

The Government of Jordan has requested to buy an F-16 Air Combat Training Center and Devices including full mission trainers, combat tactics trainers, instructor/operator stations, tactical environment simulators, brief/debrief stations, scenario generation stations, database generation stations, mission observation centers, and other training center equipment and support; software and software support; publications and technical documentation; maintenance, spares and repair parts and services; U.S. and contractor engineering, technical, and logistical support services; and other related elements of program support. The estimated total cost is \$60 million.

This proposed sale will support the foreign policy and national security of the United States by helping to improve the security of a Major Non-NATO Ally that is an important force for political stability and economic progress in the Middle East.

The proposed sale will improve Jordan's capability to meet current and future threats by ensuring Jordan's pilots are effectively trained, which will contribute to the U.S.-Jordan lasting partnership and ensure the country's stability, a critical element to broader U.S. regional policy goals. Jordan will use this asset to enhance training of pilots. Jordan will have no difficulty absorbing these training center assets and simulators into its armed forces.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The principal contractor will be Lockheed Martin Corporation Rotary & Mission Systems, Orlando, FL. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale will require the assignment of two U.S. Lockheed Martin contractor representatives to Jordan for a duration of 2 years to support training.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

HONORING THE LIVES OF IDAHO
NATIONAL GUARDSMEN

Mr. CRAPO. Mr. President, along with my colleagues Senator JIM RISCH, Representative MIKE SIMPSON, and Representative RUSS FULCHER, I rise today to honor the lives and service of CW4 Jesse Anderson, CW3 George "Geoff" Laubhan, and CW3 Matthew Peltzer. These three fallen Idaho Army National Guard personnel were participating in a routine training flight when their UH-60 Black Hawk helicopter crashed near Boise on February 2, 2021.

Chief Warrant Officer 4 Anderson, Chief Warrant Officer 3 Laubhan, and Chief Warrant Officer 3 Peltzer answered the call of duty to serve our State and our Nation with honor, distinction, and courage.

CW4 Jesse Anderson, of Boise, was a senior instructor pilot. He had served in the Idaho Army National Guard

since 2008, and he first joined the U.S. Army as an aviation warrant officer candidate in 2000. Chief Warrant Officer 4 Anderson is survived by his wife and four children. While in the Idaho Army National Guard, CW4 Anderson served as a UH-60 A/L pilot in command, UH-60 A/L instructor pilot, C-12 fixed wing pilot, C-12 operations officer, company and battalion aviation standardization officer, and medical evacuation pilot. He served in multiple deployments, including two deployments to Afghanistan. He also participated in local search and rescue operations, wildland fire fighting missions in California, and civil support operations in Guatemala. Chief Warrant Officer 4 Anderson earned a long list of awards and decorations for his honorable service that include the Meritorious Service Medal, the Air Medal, the Army Commendation Medal, the Army Achievement Medal, the Army Reserve Component Achievement Medal, the National Defense Service Medal, the Armed Forces Reserve Medal, the NATO Medal, the Army Service Ribbon, the Overseas Service Ribbon, the Army Reserve Component Overseas Training Ribbon, the Master Aviator Badge, the Armed Forces Reserve Medal, the Global War on Terrorism Expeditionary Medal, the Global War on Terrorism Service Medal, the Combat Action Badge, the Afghanistan Campaign Medal, the California Achievement Medal, the Idaho Emergency Duty Ribbon, and the Idaho Service Ribbon.

Chief Warrant Officer 3 Laubhan, of Boise, was an instructor pilot, who is survived by his wife and two children. In January 2010, CW3 Laubhan enlisted in the Idaho Army National Guard as an AH-64 attack helicopter repairer with D Company, 1st Battalion of the 183rd Aviation Regiment. He went on to serve as an AH-64 Apache and UH-60 Black Hawk pilot, a UH-60 instructor pilot, and a medical evacuation pilot while with the battalion. His service included deploying in 2019 as a Black Hawk pilot to Guatemala in support of Operation Beyond the Horizon, and he is credited with flying a lifesaving mission in support of Idaho search and rescue operations. He also flew in support of wildland firefighting operations in California. The awards and decorations he earned for his admirable service include the Meritorious Service Medal, the Army Achievement Medal, the Army Reserve Component Achievement Medal, the National Defense Service Medal, the Army Service Ribbon, the Army Reserve Component Overseas Training Ribbon, the Global War on Terrorism Service Medal, the Aviation Badge, the Army Aviator Badge, the California Achievement Medal, and the Idaho Service Ribbon.

CW3 Matthew Peltzer, a resident of Nampa, was a UH-60 A/L Black Hawk pilot, having served in the Idaho Army National Guard since 2005. Chief Warrant Officer 3 Peltzer is survived by his wife and two children. Chief Warrant Officer 3 Peltzer enlisted into the Idaho
